“ I remember Carla, Carmen, and Carlos coming to Chicago for the summers. Those were great times...we would jump rope, and play hop scotch from sun up to sun down. I always disliked when they had to return to Peoria, but looked forward to the next summer. We lost contact over the years, but recently found each other through social media. It was a pleasure reconnecting with you. In my mind you've left Chgo for home again, but I know we will reconnect in heaven.
