“ I wrote a note previously but I don't think I saved it. I went to grade school at Greeley and high school at Woodruff with Delvera. I remember her as being very quiet, very smart and very sweet. The last time I saw her was at Methodist Medical Center cafeteria. I was at lunch and she was with someone who was a patient. We recognized each other and had a very nice chat. Several years ago I tried to get in touch with her through high school friends on the internet several times but I was never able to connect with her. There were just a few of us that went to school together for most of our grades. She was a very nice girl and I enjoyed having her as a friend. I have very good memories of her and she was a part of my life that I really loved (grade school). I have several pictures of us that were taken of our classes. Thank you for letting me share with you that I remember her as being a wonderful person who I considered a friend.
