“ *May your soul be at rest dear brother! I am loving your spirit today. Give Bay and Gloria a hug from me. I miss you so much still and I pray that you are at peace, enjoying a good cup of coffee and a smoke. I am sure you can smoke in heaven! Love Dumpsy.*

“ *I am sitting here remembering Partner. I recall how he and Bay used to get real tickled at something and they would laugh and laugh. They had a special connection. Partner was a mama's boy and he would hang around the house and watch Bay cook when he was younger. He loved to eat so I think he wanted to be the first one in line. After watching her for so many years, he learned to cook himself and became an excellent cook. I was looking forward to helping him cook for Thanksgiving but God had other plans. Rest in peace Chef Partner.*

I am up thinking about my family especially my uncle partner. I am so thankful more than I know because the spirits travel to the younger generation I am so thankful to have met you to know the true love of a man and comfort and care for his family. I remember when we were on our way to Peoria and you were at work and we stopped by your job you were so in a rush to fly home to Grandma house to make sure it was clean and prepared for us as it always was the case Grandma kept her house so clean you can eat off the floor that's what my mother would say pure times like those days is what keep my spirit pure amongst maybe a spiritual wise woman that I am today in my spiritual journey I thank you for being the beautiful inspiration and influence that you were to me. Everyday I was honored to be in your presence was a day of laughter and soul cooking I can just imagine the energy that you and Grandma shared in that house it was so strongly felt please give my love to all my loved ones resting well and spirit with the most high Yahuah Abba Elohim 🙌🏾 All praises for unity!

“ My friend Partner, I miss you! He knew just what to say to make me smile. I would be having a bad day and he would tell me calm down, because I would be talking fast, it will be ok. He was always so laid back, he always said I moved to fast, he would tell me to slow down! He was just like a brother time, he would buy my kids chips. He would say you better take them boys something or they might not let you back in the house. He was my road dog, if you seen me you would see him. He was set in his ways he didn't deal with a lot of people but he dealt with me! He trusted me and I trusted him with my life! Words can't explain the way I felt the day we lost him. I felt so sad that I could not have done more for him. He had his own way of doing things, but he cared enough to allow me to help him. I would say ok you know I well call Martha, he would laugh and say she know how I am. He was so proud of his sisters and brother. It was hard for a few days it is still hard but I know he is in a better place. God has taken him home, I am honored to have had such a great friend and a chance to be his friend! Thank God I had the time I did with him! I will always remember my friend, running bud, and my brother! R.I.H To his family and my family much love.

“ I woke up today missing you again, but I realize that God gave us a chance to spend some time with you before he took you. He gave us the gift of your illness to give us time to see you. He could have simply taken you from us in your sleep like he did before we had a chance to show you that we loved you. I had not seen you for awhile before you got sick so your illness gave me a chance to see you and for us to reconnect. I want to say to those reading this, reach out to your loved ones. If you care about them at all, don't let time, space and money keep you away from them. We only have so many days on this earth so spend some of your time with those that you love.

Putting these pictures up on this website has given me a chance to grieve my brother and remember his life. He had a good life and he had fun. He had a lot of friends and a lot of people who loved him. I know he would want us to move on and use the rest of our lives to the best of our ability. I am ready to start moving forward but I will never forget my brother and I will miss him everyday! Partner, I hope you come back to visit me. I want to remember your face and your voice. Love Dumpsy

Wow..this is so beautiful TT Dumpsy ☐!

I miss he so much..

I was gave the honor to have his security box and I held it on to me with my dear life. Relocating allowed many paths and traveling luggage unfortunately I wasn't able to find the necklace with a picture of your ex-girlfriend and you, I cherish that picture so much..and when I do find that picture I will get another necklace made!!

You are my favorite uncle and you will forever be.

The comfort and care that you shown can never be replaced and never be redone from any human being it is only felt in me through the most high Yahuah Abba Elohim 🙌🏾☐🏾☐!

I remember like yesterday 2015 November I thought I was going to be able to prepare what you and I always prepared...after you prepared the house so comforting and clean for us as grandma always kept it. Unfortunately you weren't able to make it in body form but I was honored to have your spirit meet me in the form of love from the most high and I'm sure you helped Clarissa and I prepare the meal for Auntie Sarah Jean and Uncle pumpkin which was spaghetti & Salad in Grandma's kitchen and I'm sure it was delicious because you, Clarissa and I both were in the kitchen in that moment lol! It was beautiful to sit down with Auntie Sarah Jean Clarissa and myself and laugh at memories in Grandma's living room everybody's whom passed spirit was there again, it felt like we all gathered there again.. I miss you all ..everything seems so far apart you are so right auntie Dumpsy about reaching out to your loved ones and I thank you for your words and your reminder!

Amazing how messages can travel to us with our ancestors Spirit carrying them from one loved one to another from the most high..thank you for being family thank you for this opportunity!

“ Eddie was known to all of us as "Partner." He was my little brother but he was also my big brother. He was always kind to me and he would do anything I asked him to do. He had a big heart and just took life easy. I never saw him angry with anyone. He was a big, loving teddy bear. All of my nieces and nephews loved him. He was a mama's boy and we all said that he would never leave home and he didn't. He passed away at home, watching TV and sitting on his favorite couch. I am going to miss him so much. I still can't believe he is gone. I love you Partner. Rest In Peace Brother!

Today is your earthly birthday and I woke up with you on my mind. Hey Partner! I still remember when you were little and a man said "hey Partner". He was a stranger and you could not figure out how he knew your name was "Partner." LOL. We didn't know then that "partner" was what they called a general friend! You, are the real Partner, the one and only Partner! You would have turned 61 today, still so young. Thank you for being such a great brother and always being so kind. Our family learned a lot from you. Your heart was always available to love us. I miss you always but your life and legacy lives on in me and your siblings. We are living full lives in tribute to you and the ones we have lost. More have gone on since you passed. I pray your spirit has connected with them. I love you for life, your big Sister, Martha.
