To my cousin Essience, the gave to this world through your beautiful mother and family as a gift, to us amongst all the chaos, a gentle soul to remind us, at the time passing that the family can get together as one, and that above all, that we move in the world as one, there are strength in numbers, you did this and thankful for the Lord giving you to us to remind us of the the love that we have for one another is greatest asset. I'm sure you was .et at heavens gate by your grandparents, and so many relatives, you were A angel here on Earth and I you will continue to be one in heaven. You will be surely missed, so rest sweet a in heaven sweet angel, for when you open your eyes you will rejoice, and realize, you have no pain no worries you only happiness for all eternity. Thank you Simona for this angel. Love both of you.
