“ Dear Aunt Helen: Thank you for the summer that you spent with my family and our children in California. It was fun to spend time getting to know you better and to learn about your life. We all gained weight that summer because of your great cooking. You made the best sweet potato pie ever! I know you are resting comfortably in heaven now and hanging out with the friends and family who have gone on before you. I wish you eternal joy! Love Martha Henderson & family. Northridge, CA.
