“ I think I was the only one who use to call you James... maybe cause you use to make so mad at times. I love you... Thank you for helping me create my only daughter. Let you tell it I couldn't have a girl until I met you.. Jig we really made a beautiful little girl. All the memories we have together even before Jayla I'll forever cherish. My favorite when we was in Cali on vacation and we were laying on the beach at night... you sung to me.. I've watched that video 700x since you left... Jig I just want you to know I got Jayla... I promise to always do right by her.. Even Kiran has been having a hard time processing this. But we will get thru... I love you.. I miss you. I'm so sorry this happened to you... You are my family and I promise to never let Jayla forget how great of a father you were. When it's all said and done we will never forget you and the legacy you left...
