“ *Missing you like crazy Joe Joe. May your ancestors celebrate your victory over pain and cancer as they welcome you to your new home in paradise. It is definitely hard pulling up to your house and not seeing you sitting on the porch with your legs crossed and smoking a cigarette. RIP MY BROTHER - YOU FOUGHT A GOOD FIGHT.*

My prayers and condolences are with your loving family. God Blessed Joe with a loving and caring family. You gave him the best of care, you done everything possible to enhance his life while he was on this earth. God decided that it was time for Joe to come home . I know that no matter how we prepare for death , losing a loved one still hurts. I pray that God gives each of you the peace and comfort that only he can give you. Each of you will always have your own special memories that will remain in your hearts forever.
